

November 26, 2025: On a Different Kind of Person (Zombies, Demons, and Barbarians)

I want to express that most people have no concept that anything like this is occurring or that would be occurring in their world. Most people are so innocent as to the ways of evil that they cannot even conceive of this level of demented mentality.

However, I am assuring you that this is the type of behavior that is being bred into a new form of human being - a form of human being that we have seen before. Certain groups of people are, in fact, creating zombies, demons, barbarians, etc.

Read the facts of the story for yourself:

“The orders came from the command of Lt. Gen. William Caldwell, a three-star general in charge of training Afghan troops – the linchpin of U.S. strategy in the war. Over a four-month period last year, a military cell devoted to what is known as “information operations” at Camp Eggers in Kabul was repeatedly pressured to target visiting senators and other VIPs who met with Caldwell. When the unit resisted the order, arguing that it violated U.S. laws prohibiting the use of propaganda against American citizens, it was subjected to a campaign of retaliation.”

These are signs of systemic abuse of power from inside of the United States military and government offices and must be addressed immediately! We cannot continue to allow this type of abusive mentality to take root and grow anywhere around the world. How, in the hell, do you think organizations like Hamas get their start in a country? And now we are having to deal with this behavior from inside of the United States military!

Christians of the world: you better ‘grow up’ fast and stop eating the ‘baby-food’ faith that they are spoon-feeding your family at church! Real evil exists in this world and it is destroying your world around you! You cannot hide yourself inside of your gated community and shove your head in the sand any longer.

THE USA MILITARY HAS A DEEP-ROOTED PROBLEM OF EVIL GROWING FROM WITHIN IT AND IT IS PRODUCING FRUITS! WAKE UP! SHINE THE LIGHT ON THEIR DARK AND EVIL PLANS!

(Everything you need to know is already found in the Bible - that is exactly where these demons went to source their evil plans.)
